EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph A. Rhoa (Reg. No. 37,515) on January 4, 2006.

Claims 14-24 have been cancelled.

Examiner's Statement of Reasons for Allowance

2. This office action is in response to the application filed on October 3, 2005 and an interview on August 8, 2005.

3. Applicant amended claims 1, 12, 13, and 29-31, and added claims 32-33.

4. Claims 1-13, and 25-33 are allowed

5. Claims include limitations that the prior art of record does not appear to teach or render obvious the claimed limitations as recited below.

6. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of records fails to disclose counting means for counting the reference information to obtain a total number of time references made for each referring URL so

Art Unit: 2143

that the number of references by the URL of the higher hierarchical level is counted and the number of times that a particular URL is used as a referrer to refer a client to other data file(s)/site(s) is counted.

The closest found prior art is Lee et al. U.S. Patent 6,601,100. Lee discloses a system and method for collecting, analyzing, aggregating, and storing information about the content of one or more Web pages serve by a server on a network, and the aggregating process has a plurality of counters to keep track of how many time a particular hyperlink, Web page was seen or selected by the requester. However, Lee fails to teach counting means for counting the reference information to obtain a total number of time references made for each referring URL so that the number of references by the URL of the higher hierarchical level is counted and the number of times that a particular URL is used as a referrer to refer a client to other data file(s)/site(s) is counted and in combination with other limitations as set forth in the independent claims. Claims 2-11, and 25-33 are allowed due to dependent claims.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phuoc H. Nguyen whose telephone number is 571-272-3919. The examiner can normally be reached on Monday - Friday.
